**To:** Eleanor Lott

**Subject:** Reference -- FCC File Number SES-MOD-20031107-01608

This e-mail is in regards to FCC File Number SES-MOD-20031107-01608 and Call Sign E970347. As we discussed, on November 7, 2003, GTECH Corporation filed an application for modification of its VSAT network license. Due to an inadvertent error, the answers provided on FCC Form 312 for questions 30-34 were all marked "Not Applicable." Please be advised that the correct answers to each of the four questions was "No." GTECH requests that, by this e-mail, you permit GTECH to amend its pending application to provide a response of "No" to each of questions 30-34. Please let me know if you have any questions about this matter. Thank your for your assistance.

Best regards,

**Bruce A. Olcott**
