Subject: Call Sign E891033 - Corrections
Eleanor,

Thank you for calling me back today. As we discussed, there needs to be corrections to the license as issued for E891033. The Transmit information for the Remote 8 as submitted in the application does not appear on the license.

Call sign - E891033
File Number - SES-MOD-20040426-00602

Information that needs added for Remote 8, transmit:
Frequency - 14000.0000-14500.0000
Polarization - H,V
Emission - 2M50G7W
TX>RX Mode - RX
Max EIRP/Carrier - 58.3
Max EIRP Density/Carrier - 30.0

I appreciate your help with this.
