Subject: RE: Max Input Power 750

Importance: High

Hi Jeanette,

Per our conversation this morning I would correct the following:

Reduce the power to 500 Watts  
Change the units to 1 only.

Thank you,

Stan

June 4, 2004

Hi Stan,

Would it be possible for you to tell me why you increase the power from 350 to 750. Would it be possible for you to decrease it. Please get back to me regarding this matter by the end of today or before I leave, which is 5:00 pm.

If, I don't here from you by this time stated above, then your application may be dismissed.

Thank you for your cooperation,
