

POLICE DEPARTMENT

Electronics Section
50-16 59th Place
Woodside, NY 11377

December 5, 2005

The New York City Police Department (NYPD) is formally notifying the Federal Communications Commission (FCC) that pursuant to §25.133 of your regulations, the construction of its four (4) site, mobile-satellite radio system has been completed and station Callsign E040381 is fully operational.

The particulars are;

Licensee – New York, City of (Police Department)

File Nbr. – SES-LIC-20040924-01460

Grant Date – 12/17/2004

Callsign – E040381

&

File Nbr. – SES-MOD-20050225-00225

Grant Date – 04/11/2005

Operational Date – 07/29/2004 per SES-STA-20040723-01034

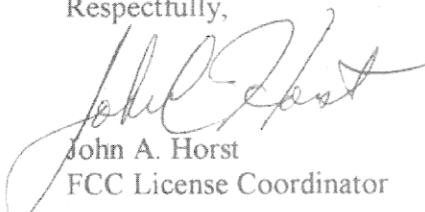

SES-STA-20040820-01202 – 08/27/2004

SES-STA-20050121-00087 – 02/25/2005

I certify that the installation at each facility has been aligned, tested and complies with §25.209 for three (3) of our locations and with a WAIVER by the FCC with the necessary Letter of Concurrence from adjacent satellite user to operate a 0.96meter antenna at our forth (4th) location.

I also certify that the New York City Police Department will continue to operate this system as per its authorization from the FCC during the term of its grant.

Respectfully,

John A. Horst
FCC License Coordinator
