Eleanor,

Allow me to introduce myself. I am Andre Finlinson, Senior Engineer at Lyman Bros. in South Jordan, Utah. I have been working with Tim Crutcher at Comsearch on our FCC licenses for the past 2 years or so. It was through Tim and Comsearch that I requested these new modifications. Mat Lyman forwarded your request below to me so that I could respond.

Attached is a drawing showing the antenna site and distances between the antennas.

The changes requested on the VSAT system license are correct. Please move forward with these licenses. Please let us know if there is anything further you require.

Regards,  
Andre Finlinson  
Lyman Bros.

Thank You very much I receive a e-mail to the effect and your applications are on Accepted Public Notice, but before granting these I need you to submit additional information on application MOD for South Jordan, UT. Per Staff Engineer I need you to send me a Antenna Site Sketch showing the distance between your Antenna(s) to be license on this application filing-SES-MOD-20050429-00516, E030342. And on the other application VSAT System License some changes was made on this License such as EIRP on Freq. Band 14000-14500 with Emission Designator of 36M0G7W from 78.3 to 81.7 for Hub 1- 5.6M., and the same thing from 78.3 to 85 on Hub 2- 9.2M., and also the Power on the same Freq. Band and Emission Designator from 300.00 W to 302.00 W on Hub 2- 9.2M., therefore I need you to let me know that you agree to the changes that were made on your VSAT System License filing-SES-LIC-20050429-00513, E050126. Review all of the above Information Requested and submit to me by close of business next Friday, June 10, 2005. Any questions feel free to call me at: 202-418-0728.

Sincerely,  
Eleanor M. Lott

Dear Eleanor,

On Wednesday June 1st we paid all the outstanding bills in the "REd Light System" which were under FRN: 0000013102 and as of today our status shows green. Therefore I'm emailing to see if we can get our applications processed which are listed in your May 4th email below. Please let us know what the timing might be from this point. Your consideration is greatly appreciated.

Sincerely,

Mathew Lyman
