NOTIFICATION OF CONSTRUCTION

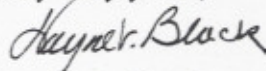

Dear Ms. Dortch:

Transmitted herewith on behalf of our client, Amoco Production Company, is an original and four copies of its Notification of Construction for the Satellite Earth Station call sign E030094.

This filing is made in response to the Federal Communications Commission's Rules and Regulations, Section 25.133(b): *Each license for a transmitting earth station included in this part shall also specify as a condition therein that upon the completion of construction, each licensee must file with the Commission a certification.*

It is believed that the Commission will find this Notification to be in satisfactory form for the intended purpose. Should there be any questions concerning the Notification, however, the Commission is respectfully requested to communicate directly with this office.

Very truly yours,

Wayne V. Black

NOTIFICATION OF COMPLETED CONSTRUCTION

Dear Sir or Madam:

Pursuant to the procedures described in 47 CFR § 25.133, Amoco Production Company ("Amoco") hereby certifies that the required construction of the above-captioned station was completed, and it was placed in operation prior to September 27, 2006.

Amoco modified operation of this facility on August 29, 2005 under the terms of a Special Temporary Authority.¹ Regular authority for operation of the station was granted with an effective date of September 27, 2005. Amoco certifies that each antenna facility has been tested and is within 2 dB of the pattern specified in Section 25.209 and that the station is operational including the date of commencement of service and will remain operational during the license period unless the license is submitted for cancellation.

Should you have any questions concerning this matter, please let us know.

Respectfully submitted,

Amoco Production Company
