Subject: ARINC license application

Ms. Lott, I have been informed that a recently filed application in the name of ARINC Inc., FCC file number SES-MOD-20050829-01185, has been assigned for your attention. I realize that the application was just recently filed, and that it's unlikely that you've reviewed it.

However, attached for information purposes only are copies of coordination letters which ARINC has sent to NASA and the National Science Foundation informing them our ARINC's plans to move to from SES Americom satellite AMC-1 to AMC-6.

Please let me know if you have any questions or concerns regarding our application.

Thank you for your assistance.
