RE: E880833

SES-MOD-20051222-01786

I have reviewed the designator with our consulatant and the proper designator should be 4M34G2F

Mr. Dow,

What is the correct emission designator? The emission designator you indicate to Ms. Lott is not correct. I can not continue to process your modification application without this information.

Thanks.
Jeanette Spriggs
