NOTIFICATIONS OF COMPLETED CONSTRUCTION

Dear Ms. Dortch:

Transmitted herewith on behalf of our client, Wal-Mart Stores, Inc., is an original and four copies of two Notifications of Construction. One Notification covers the .74 meter and .98 meter earth stations added to station E940457, and the other Notification covers the new emission designators added to station E950140.

These filings are made in response to the Federal Communications Commission's Rules and Regulations, Section 25.133(b): *Each license for a transmitting earth station included in this part shall also specify as a condition therein that upon the completion of construction, each licensee must file with the Commission a certification.*

It is believed that the Commission will find each Notification to be in satisfactory form for the intended purpose. Should there be any questions concerning either Notification, however, the Commission is respectfully requested to communicate directly with this office.

Sincerely,

C. Douglas Jarrett

NOTIFICATION OF COMPLETED CONSTRUCTION

Dear Sir or Madam:

Pursuant to the procedures described in 47 CFR § 25.133, Wal-Mart Stores, Inc. ("Wal-Mart") hereby certifies that the required construction modification of the above-captioned station was completed and the facilities placed in operation prior to February 26, 2008.

Wal-Mart completed modifications of these facilities on March 12, 2007.¹ Modified regular authority for operation of the station was granted with an effective date of February 26, 2007. Wal-Mart certifies that each antenna facility has been tested and is within 2 dB of the pattern specified in Section 25.209 and that the station is operational including the date of commencement of service and will remain operational during the license period unless the license is submitted for cancellation.

Should you have any questions concerning this matter, please let us know.

Respectfully submitted,

Wal-Mart Stores, Inc.
