**To:** Sophie Arrington  
**Subject:** E060260 Earth Station Modification Application

Ms. Arrington:

This is to follow-up on our phone call yesterday concerning the modification application filed August 22, 2006 for C-Band receive-only earth station E060260, in FCC File No. SES-MOD-20060822-01421.

We've conferred with the applicant and engineer, and have confirmed that the indication of "common carrier" in item # 21 is a typo – it should indicate "non-common carrier" as in the original station registration.

Hopefully, that addresses your question. If you need anything else, feel free to contact us.
