Re: File No. SES-MOD-20061031-01928 (Call Sign KA249)

Dear Ms. Dortch:

Telenor Satellite, Inc. (Telenor) hereby supplements the above-referenced application for modification of license to clarify that it does **not** seek ALSAT authority for the extended C-band. It does seek to add the new emission designators specified in the application on an ALSAT basis, but only for the standard C-band.

Respectfully submitted,

TELENOR SATELLITE, INC.
