Good Morning!!!

Your STA, SES-STA-20070109-00041 has been granted, the angles on Remote 9 are correct now, there was a typographical error under the site, the hemisphere was at South instead of North. Your App. SES-MOD-20070108-00027 has been placed on PN for Wed. Jan 24. I do need you to send me an email for the corrections to the angles on Remote 3 that you agreed should be changed.

Tnx. T.
