RE: Construction Completion Notification – Wright Patterson AFB, Dayton, OH
Call Sign E8454, File No. SES-MOD-20070510-00586.

Dear Ms. Dortch:

Pursuant to Section 25.133 of the Commission's rules, 47 C.F.R. Sect. 25.133, this is to advise that the above-referenced earth station is operational in accordance with the modification authorization granted on June 18, 2007. The earth station antenna has been tested and is within 2 dB of the pattern specified in Section 25.209 of the Commission's rules, 47 C.F.R. Sect. 25.209.

As stated in Attachment 1 to the Form 312 modification application filed on May 9, 2007, the station apparently has been operated with a KU-Band antenna since 1993. The station will remain operational during the license period unless we submit for cancellation.

Please direct any questions to the undersigned.

Sincerely,

James J. R. Talbot
Senior Attorney-AT&T Services, Inc.
