Towanda,

I received your fax and discovered that I had an error in my spreadsheet for the calculation of the 1.5 Meg bandwidth. I would like provide the following change for that emission:

Emission	EIRP (dBW)	EIRP Density (dBW/4KHz)	Pt (dBW)	Pt (Watts)	Pow. Den. (dBW/4KHz)
1M50G7D	56.8	31.06	11.5	14.13	-14.24

Also, I used the same spreadsheet for a second application, SES-MOD-20070608-00776, E060099. I am not sure who is processing that application but it will require the same change.

Thanks,
Ron Center
