Dear Ms. Dortch:

By this instant filing, General Communication, Inc. ("GCI") seeks to ensure compliance with Section 25.133(b) of the Commission's rules with respect to earth stations licensed to GCI and its subsidiaries. This section provides that upon the completion of construction, each licensee must file with the Commission a certification containing the following information:

The name of the licensee;

Call sign of the antenna;

Date of the license;

A certification that the facility as authorized has been completed and that each antenna facility has been tested and is within 2 dB of the pattern specified in §§ 25.209, 25.135 (NVNG MSS earth stations), or § 25.213 (1.6/2.4 GHz Mobile-Satellite Service and 2 GHz Mobile-Satellite Service earth stations);

The date on which the station became operational; and

A statement that the station will remain operational during the license period unless the license is submitted for cancellation.

Please address any questions regarding this matter to the undersigned.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jimmy Sipes", is written over a blue circular stamp.

Jimmy Sipes
Vice President, Network Services & Chief Engineer

Section 25.133(b) Submission

<u>MOST CURRENT LICENSEE</u>	<u>CALL SIGN</u>	<u>LICENSE DATE</u>	<u>OPERATIONAL DATE</u>
General Comm Corp.	E960388	09/11/2007	September 8, 2008
General Comm Corp.	E960383	09/17/2007	September 8, 2008
General Comm Corp.	E960386	09/10/2007	September 8, 2008

The second earth station for this license is for back-up purposes only. That facility as authorized has been completed, and the antenna facility has been tested and is within 2 dB of the pattern specified in Section 25.209. The date of commencement of service for the earth station is September 8, 2008. The second earth station is operational, and the facility will remain operational during the license period unless the license is submitted for cancellation.

Jimmy Sipes
Vice President, Network Services & Chief Engineer
