Importance: High

Ms. Lott,

Per Pat Ingram, Director of Engineering for Dispatch Productions,

Under Frq, Row 3... Eirp Den. should read 35.2dB.

Please let us know if there is anything further you need from us. Thank you for working with us to get this request for modification accepted.

Towanda, I hope you had a great holiday, and Eleanor, I hope you have one!!!

Thanks!

Hi Tom.

I will look at this first thing and get it taken care of. Laurie

Pat & Laurie,

I just received the e-mail below and the attached fax. The person at the FCC needs Pat to correct the circled errors as soon as possible on Friday and then e-mail the corrections to her. Please call or e-mail me or Laurie if her request or the attached paper does not make sense. Thanks.

I have sent faxed you an auto grant check sheet, please have an engineer correct errors ASAP and email the corrections to me by tomorrow, 12-14-07, if not by tomorrow, please email to Eleanor Lott. Also I corrected your typographical errors with your emission designator, should be 5M94G7F as on the first antenna instead of SM9467F.

Tnx. T.
