Re: Call Sign E030080
File No. SES-MOD-20080325-00357

Dear Ms. Dortch:

On behalf of Vision Technologies Electronics, Inc. and pursuant to general provision 2938 of the above referenced FCC Radio Station Authorization granted on May 5, 2008 for the operation of three additional VSAT earth station facilities, we hereby certify the following.

Construction of the additional authorized antennas is complete. The antennas were tested and found to be operational within 2dB of the pattern specified in Section 25.209. As of May 20, 2008, each of the three new antennas was put into service and will remain operational for no longer than the license period ending May 27, 2018, unless cancelled.

Please associate the foregoing certification with the record for File No. SES-MOD-20080325-00357. Thank you.

Sincerely yours,

DORSEY & WHITNEY LLP
