File Nos. SES-LIC-20060629-02249 and SES-MOD-20081221-01673 (Call Sign E060448)**

Dear Ms. Dortch:

Raysat Antenna Systems, LLC (“RAS”), by its attorneys, pursuant to Section 25.133 of the Commission’s Rules, 47 C.F.R. § 25.133, hereby certifies that it has brought into use the station operations associated with the above referenced file number and call sign. The license modification was granted on February 10, 2009 and the associated hub was brought into operation for use by RAS’s earth station network on February 10, 2009. RAS had been operating and continues to operate pursuant to experimental authority and thus was able to commence operations immediately upon grant of the modification. RAS certifies that the station will remain operational during the license period unless the license is submitted for cancellation.

Sincerely,

RAYSAT ANTENNA SYSTEMS, LLC
