01149 (Call Sign E080031)**

Dear Ms. Dortch:

Pursuant to discussions with International Bureau (“Bureau”) staff, LightSquared Subsidiary LLC (“LightSquared”) hereby files the attached certification pursuant to Section 25.133(b)(1) of the Commission’s rules, 47 C.F.R. § 25.133(b)(1), regarding the commencement of operations of the above-referenced earth stations, Call Signs E080030 and E080031. In summary, both earth stations are fully constructed, and the authorized testing with MSAT-1 and MSAT-2 has been

completed.¹ Testing and operations with SkyTerra 1 will begin shortly after launch of that satellite, which is scheduled for November 14, 2010.²

Please direct any questions regarding this letter to the undersigned.

Very truly yours,

/s/

Bruce D. Jacobs

¹ In an abundance of caution, LightSquared previously had not filed a certification of commencement of operations for the two earth stations and had requested extension of the deadline, because of ambiguity regarding whether the authorized testing with MSAT-1 and MSAT-2 met the commencement of operations requirement under 47 C.F.R. § 25.133. The Bureau has since clarified and indicated that filing a certification of commencement of operations would be appropriate under the circumstances here. Accordingly, LightSquared is submitting this certification and contemporaneously withdrawing its prior requests for extension of the commencement of operations deadline for the two earth stations. *See* File Nos. SES-MOD-20100405-00401, SES-AMD-20100908-01148; SES-MOD-20100405-00400, SES-AMD-20100908-01149.
