---

Dear Ms. Dortch:

LightSquared Subsidiary LLC (“LightSquared”), formerly SkyTerra Subsidiary LLC, hereby files this letter to update the above-referenced applications. Each of the applications relates to the relocation of MSAT-2 to the 103.3°W orbital location in anticipation of the launch and operation of SkyTerra 1 at the 101.3°W orbital location. As a result of a delay in the delivery and launch of SkyTerra 1, the relocation of MSAT-2 has been delayed.<sup>1</sup> Accordingly, any grant of the above-referenced applications should permit continued operations of MSAT-2 at its currently authorized location, 101.3°W, until January 31, 2011, the requested launch and begin operations milestone deadline for SkyTerra 1.

---

<sup>1</sup> See Application, File No. SAT-AMD-20100908-00191 (filed September 8, 2010).

Very truly yours,

/s/

Bruce D. Jacobs
