Subject: Correction to Mod App for E920225

Greetings Ms. Bryant,

This is in response to your inquiry regarding the application by Clark County School District to modify E920225 as proposed in SES-MOD-20100520-00630.

The original response to Questions E54/55 "Range of Satellite Arc Eastern/Western Limit" was incorrect due to a typo. The correct response is "72.0/135.0"

The limits for eastern azimuth (122.2) and elevation (28.5) as stated in the original application are correct.

If you have any other questions, please do not hesitate to contact me.

Regards,

-Todd
