Re: Certification of Completion of Construction for Earth Station E090050

Dear Ms. Dortch:

On behalf of Meredith Corporation ("Meredith"), we hereby submit the enclosed certification of completion of construction for Earth Station E090050 (the "Station"). On August 16, 2010, the FCC granted special temporary authority ("STA") (See FCC file no. SES-STA-20100813-01032) to operate the Station with a modified antenna. On September 7, 2010 the FCC granted Meredith's application for permanent authority (See FCC file no. SES-MOD-20100723-00946) to operate with the antenna authorized in the STA. Consequently, Meredith surrenders the STA as it is now moot.

Please feel free to contact me if there are any questions regarding this matter.

Respectfully submitted,

Robert J. Folliard, III
