Re: Modification of Ku-Band Earth Station, E920639, SES-MFS-20090619-00767

Pursuant to §25.117 of the Rules and Regulations (“Regulations”) of the Federal Communications Commission, Broadpoint Wireless License Co., by way of the underlying application, respectfully requests Commission authority to modify the parameters of the above-captioned fixed earth station.

The changes sought in this application are regarding site 1, antenna ID 1 as follows:

1. Addition of two new transmit emission designators
2. Addition of two new receive emission designators
3. Increase of earth station maximum total input power at the flange
4. Increase of earth station aggregate output EIRP for all carriers.

Sincerely,

/s/ Raul Magallanes
