Re: Adjustments to application SES-MOD-20101105-01400, E920639

Dear Ms. Bryant,

Pursuant to your communication of November 8, 2010 regarding the output parameters of the AutoGrant program (AUTOE920639), Broadpoint Wireless License, Co. ("Broadpoint") submits the following adjustments to the above-captioned application:

1. Questions 30-33, Alien Applicant, Foreign Corporation, Alien Officer, and Foreign Control, should be changed to 'N'.
2. Clarification: Broadpoint specified the use of non-US satellites in questions 22 and 42a. In question 42b, Broadpoint specified that planned non-US satellites will be in the Permitted List. Furthermore, Exhibit C was submitted to this effect.
3. Question E57, East elevation angle, should be changed to 42.0.
4. Question E59, West elevation angle, should be changed to 36.2.
5. Question E47, emission designator 42K7G18, should be changed to 42K7G7W in both the receive and transmit mode..

Sincerely,

/s/ Raul Magallanes
