

**American  
Red Cross**

The American National Red Cross would like to cancel its VSAT Network License as the network has been taken off the air and the equipment has been salvaged.

FCC Call Sign to Cancel: E030059, FRN-0002108108. Effective 07/30/2013

We are now on a third party Satellite system and working under their license and equipment.

Thank You,

Barry F. Boyce
