Our staff also notice that you indicated that you want to add and change Point of Communications in item 27 of the Main Form; however, you listed ALSAT as the same as your original license. Please confirm that you still only want ALSAT and not any other satellite.

Our processing staff notice in the Main form of FCC Form 312, item 22, you checked both boxes for Using U.S. licensed satellites and Using Non-US licensed satellites, on the other hand in the Schedule B of the form, item E21, you selected ALSAT. You will need to remove the selection Using Non-US licensed satellites in item 22 since you selected ALSAT already. Please send in a separate e-mail to our staff, Ms. Bryant, for the correction.

Thanks,
