

**FAA Notification**

Pursuant to 47 C.F.R. § 17.14 (a-b) of the Regulations, FAA notification is not required because the antenna structure will be located in an area with higher structures or the antenna structure will be less than 6.1m in height.

This certification is made for all antennas affected by the underlying application:

1. Channel Master 2.4m (multiple sites)
2. Prodelin 3.8m
3. Andrew 12.0m
