Re: L-3 Communications IEC; E020160  
Notification of Completion of Construction; SES-MOD-20120614-00512

Dear Ms. Dortch:

On behalf of L-3 Communications IEC, ("IEC") this is to provide notice, pursuant to Section 25.133 of the Commission's Rules that the fixed satellite earth station E020160, licensed to IEC (the "Station") is operating and construction has been completed. Certifications are attached hereto from the licensee and from its contractor specifying the date by which construction was completed and operation commenced for the Station.

Please contact the undersigned with any questions.

Very truly yours,

Michelle A. McClure  
Counsel to Globecom Systems, Inc.

Dear Ms. Dortch:

I am notifying you that the new Ku-band ESV antennas added to call sign E020160, under modification application S ES -MOD -20 120 6 14-00 5 12, was successful installed and tested in December of 2013. The license granted December 12, 2012 to L-3 Communications IEC supported the antenna installation and has been tested to within 2 dB of the pattern specified in Section 25.209 as of this date. The station is operational in accordance with the authorized technical parameters and will remain operational as authorized during the license period unless the license is submitted for cancellation.

Sincerely,

Re: L-3 Communications IEC; E020160  
Notification of Construction; SES-MOD-20120614-00512

Dear Ms. Dortch:

I certify that the new Ku-band ESV antennas added to call sign E020160, under modification application SES-MOD-20120614-00512, and granted December 12, 2012, and licensed to L-3 Communications IEC, was constructed and has been tested and is within 2 dB of the pattern specified in Section 25.209 as of this date. The station is operational in accordance with the authorized technical parameters and will remain operational as authorized during the license period unless the license is submitted for cancellation.

I declare under penalty of perjury that the foregoing is true and correct.

Respectfully submitted,
