Eddie Maloouf was unable to withdraw the application per our conversation last week but he agreed to allow me to do it for him so I dismissed the application per his request. Please return the file to Eleanor for final processing.

This application is being withdrawn today because the operator is just installing the E970403 1.5 meter antenna on this truck which already has the E070271 4.5 meter antenna installed on it. They were modifying the wrong call sign!
