**Cc:** Trang Nguyen; Tucker, Janet L.  
**Subject:** FCC pending application SES-MOD-20130809-00707 call sign E040147

Per the discussions the FCC has had with Janet Tucker I can confirm that the EIRP density (E49) is 12.4 dBw/4 kHz and that the EIRP density per carrier (E48) should be 42.4 dBW.

If you need any additional information, please don't hesitate to ask.

Thanks,  
Jeremy Lewis
