Re: Modification of call sign E080193, SES-LIC-20080828-01115

Pursuant to §25.117 of the Rules and Regulations (“Regulations”) of the Federal Communications Commission, Global Data Systems, Inc. (GDS), by way of the underlying application, respectfully requests Commission authority to modify the parameters of the above-captioned fixed earth station. The changes sought in this application involve site “HUB” as follows:

- Antenna ID H1 (7.3m Vertex Ku-band) will be moved to a new location nearby the original location. Furthermore, the number of emission designators has been reduced.
- Antenna ID 7.6m is a new ASC 7.6m Ku-band antenna at the new location.
- Antenna ID 9.4m is a new ASC 9.4m Ku-band antenna at the new location.

Radiation hazard studies for all three antennas are submitted with the application.

Sincerely,

/s/ Raul Magallanes
