**Subject:** Re: Address Change question on Application Filed?

Thank you. I put the new information in Questions 1-8 and 9-16, but here it is:

(Registrant's name doesn't change)

New address:  
14 Fir Street  
Schleswig, IA 51461  
903-220-0070

Contact Representative:  
Stephen Flessner  
MVPD Services, LLC  
PO Box 4863  
Parker, CO 80134  
[sflessner@reachbroadband.net](mailto:sflessner@reachbroadband.net)  
903-220-0070 x322

By the way, Eleanor, it's been a long time since I've heard your name, and I was pleased that you're still there. When I worked at TCI, Madonna Guenther had nothing but good things to say about you. I hope that you remember her, or at least her name. She retired a while back.

Yes you are right, but I need to know what the address is that you are changing on both these? You should have attach a letter tell me the new address data or put the information on the FCC form 312 in the question Description Number #43, so at this point just sent me the address information in email for the both of these application and I will take care of it.

Eleanor

**Subject:** Re: Address Change question on Application Filed?

Good afternoon, Ms. Lott,

I was not aware that a simple mailing address change required a Schedule B. The Main Form is not clear on how to file for a Registrant's address change that doesn't have any corresponding technical changes.

Are you saying that the Schedule B is required, even though no technical changes are taking place?

Perhaps there is a simpler form to file to notify the Commission of a Registrant's mailing address change. If so, I'd like to know what it is. Perhaps a modification app is not the right way to do this.

Thank you for your assistance.

Hello Mr. Stephen Flessner,

On July 7, 2014, you filed (two) Receive-Only Earth Station Application Modifications for Call Sign E7943, SES-MOD-20140707-00558 and E2515, SES-MOD-20140707-00557, to change address only for these but you didn't submit the FCC Schedule B for the technical changes on the address change requested? Therefore your applications for modification is unaccepted as filed? So contact me to let me know what is what or going on with these two filings?

Thank you  
Eleanor Lott
