**Re: File No. SES-MOD-20140801-00628, Call Sign KA272**

Dear Mr. Blais:

SES Americom, Inc. ("SES"), hereby clarifies that the KA272 antenna will be used to perform TT&C with only those authorized satellites (a) that comply with Section 25.202(g) of the Commission's rules (requiring TT&C to be at band-edge), or (b) for which Section 25.202(g) has been waived by the Commission. SES would accept a condition to the above effect, if deemed necessary.

Please address any questions concerning this submission to the undersigned.

Respectfully submitted,
