

Exhibit A

License E080108 Modification

Application Description

GATR Technologies, Inc., herein requests modification of its VSAT network license, call sign E080108, as follows:

- modify location of all earth station sites from Ellenwood, GA, to CONUS
- modify the Model Name of Antenna ID 3 from "GATR-COM1.2K" to "GATR-COM1.2"
- add a new antenna type (Antenna ID 4) with 50 terminals

All other information in the current license, not addressed above, remains unchanged. The attached Schedule B includes only the technical information for the new antenna (ID 4).

FAA notification of the proposed transmissions is not required per Exhibit D.
