

New Albertsons L.P.

February 18, 2020

Federal Communications Commission
Washington, D.C.

RE: Surrender Satellite Earth Stations

Dear Sir or Madam,

New Albertsons L.P. is a successor-in-interest to New Albertsons, Inc. of which U.S. Satellite Corporation was a subsidiary. U.S. Satellite Corporation ceased all operations on March 29, 2019. We have recently discovered that five earth stations and one microwave station still have open licenses and wish to close them.

This letter shall serve as written notice of surrender of the following Satellite Earth Stations licensed to U.S. Satellite Corporation (Murray, Utah):

E870499 WSX538
E900470
E900471
E030277
E2595

If you have any questions regarding this surrender, please feel free to contact Marjorie Dugdale at phone number (208) 395-5893 or via email at Marjorie.Dugdale@Albertsons.com.

Very truly yours,

Brad Beckstrom
Group Vice President
