Re: Shaw-Omnitracs License Assignment and Modification Applications  
File Nos. SES-ASG-20150313-00147 & SES-MOD-20150313-00146  
Call Sign E960474

Dear Ms. Dortch:

Shaw Satellite Services Inc. (“Shaw Satellite”), by its counsel, submits this letter to provide certain ownership and other supplemental information regarding the above-referenced applications.

To the knowledge of Shaw Satellite’s parent company, Shaw Communications Inc. (“SCI”), the only person who beneficially owns, directly or indirectly, or exercises control or direction over, more than 10% of the voting shares of SCI is JR Shaw. JR Shaw beneficially owns, controls, or directs approximately 79% of the issued and outstanding voting shares of SCI. JR Shaw, members of his family, and corporations owned or controlled by them have entered into a Voting Trust Agreement relating to all voting shares of SCI that they own, control, or direct.

The attached diagram supplements the ownership information contained in Exhibit E of the above-referenced license assignment application. The attached diagram sets out the composition of the 79% of the issued voting shares in SCI that are beneficially owned, controlled, or directed by JR Shaw. JR Shaw is a Canadian citizen whose business address is 900 – 630 3<sup>rd</sup> Avenue SW, Calgary, AB T2P 424, Canada.

Additionally, to supplement and clarify the information contained in Exhibit A of the above-referenced license modification application, Shaw Satellite states the following:

- (1) A U.S. point of contact will be made available 24 hours a day, 7 days a week, for inquiries regarding the proposed earth station operations, as follows:

Joe Guerriero  
Senior Vice President & General Counsel  
ViaWest (a wholly owned subsidiary of SCI)  
6400 S. Fiddler’s Green Circle, Suite 2000  
Greenwood Village, CO 80111  
Phone: (720) 891-2524  
[joe.guerriero@viawest.com](mailto:joe.guerriero@viawest.com)

- (2) Shaw Satellite seeks a license modification to *add* the proposed new operating frequencies (*i.e.*, 14018.712-14033.288 MHz and 14090.085-14100.085 MHz for uplinks and 12066.375-12069.375 MHz, 11957.500-11960.500 MHz, and 11710.500-11713.500 MHz for downlinks) to the existing frequencies specified under the Boatracs license (Call Sign E960474).

Please direct any questions regarding this matter to the undersigned.

Sincerely,

/s/ Phuong N. Pham
