**Subject:** RE: SES-MOD-20150407-00193, E960085

Ms. Bryant,

Thank you for taking the time to speak with me last week regarding the needed information for the modification application for E960085. Sorry for the delay, but many people involved in the process were at NAB last week and unable to retrieve the necessary information. As you requested, I've included the requested application parameters below. Please do not hesitate to contact us if you have further questions or concerns regarding the application.

Need E38 Total Input Power at Antenna flange (Watts) 200

Need E40 Total EIRP for all carrier (dBW) 67.5

Need E41/42 Antenna Gain Receive (43.0 dBi at 12.0 GHz)

Best regards,

**Henry Wendel**
