**Description of Request**

With this application, DG Consents Sub, Inc. (“DG Consents”) requests modification of its earth station located in Rock Springs, Wyoming (Call Sign E120040) to add the new narrowband frequency specified in the enclosed Schedule B. The new frequency will be used to communicate with the WorldView-4 (formerly GeoEye-2) space station, which is scheduled for launch later this year. The subject authorization remains the same in all other respects.
