

C-band Frequency Coordination Explanation

It is noted that as explained in the response for 25.221(a)(12) in Exhibit 1, numerous C-band ESV interference studies and frequency coordinations have been completed for applicant by Comsearch and Skjei Telecom. Notifications concerning completion of those coordinations have been filed with the Commission as specified in the ESV regulations and the Notifications have been placed on Public Notice. Other coordinations may be completed as-needed and if so, Notifications for same will be filed with the Commission for Public Notice as they are completed.

Therefore, no C-band Frequency Coordinations are being submitted with this Application.
