

Exhibit A

License E080108 Modification

Application Description

GATR Technologies, Inc., herein requests modification of its VSAT network license, call sign E080108, as follows:

- add a new antenna type (Antenna ID 5) with 250 terminals

All other information in the current license, not addressed above, remains unchanged. The attached Schedule B includes only the technical information for the new antenna (ID 5).

FAA notification of the proposed transmissions is not required per Exhibit D.
