Re: Applications for Special Temporary Authority and License Modification
IBFS File Nos. SES-STA-20170721-00792 & SES-MOD-20170726-00811
Call Sign E060445

Dear Ms. Dortch:

HNS License Sub, LLC (“Hughes”) submits this supplemental letter to clarify that its above-referenced applications for special temporary authority (“STA”) and license modification seek authorizations for transmissions in the 29.25 – 29.30 GHz band from the proposed earth terminals to only the EchoStar XVII and EchoStar XIX satellites, subject to the limits agreed upon in applicable coordination agreements with other satellite operators, including Iridium. This clarification is consistent with the conditions of grant of the requested STA.¹

Please direct any questions regarding this matter to the undersigned.

Respectfully Submitted,
