Dear Ms. Dortch,

On behalf of American Broadcasting Companies, Inc. ("Licensee"), operators of fixed-satellite service (FSS) earth stations in the 3.7-4.2 GHz band (the "C-Band"), that are licensed or registered (authorized) in the International Bureau Filing System (IBFS), this letter serves to certify the accuracy of all information reflected on their licenses or registrations in IBFS, including any exhibit attached hereto. Further, to account for the use of the band by temporary-fixed, or transportable operations, collectively, the "C-Band Certification", required earth station filing(s) are submitted herein for the Licensee's fixed, temporary-fixed or transportable earth stations, to the extent required by the Order adopted in FCC GN Docket 18-122¹, and requested by Public Notice (DA-19-278). Where applicable, Licensee is reporting any additional information specified in the Order and to ensure the IBFS records accurately reflect the Licensee's authorized C-Band operations for purposes of continuing interference protection of its C-band downlink capabilities.

Respectfully submitted,
