

EXHIBIT 2
(Page 1 of 1)

DOCUMENTATION OF EXEMPTION
FROM FAA NOTIFICATION REQUIREMENTS
Scripps Broadcasting Holdings, LLC.
Tampa, FL

The facility proposed in the attached application is a cluster of satellite antennas permanently ground mounted. The largest satellite antennas in this cluster are 4.5 meter parabolic reflectors, with the center point of the dish mounted 2.7 meters above ground. Thus, the total height of the antenna system is less than 5.0 meters above ground.

Thus, pursuant to Section 17.14(b) of the FCC Rules and Section 77.15(b) of the FAA Rules and Regulations, this downlink facility is totally exempted from FAA notification requirements, since its height above ground will never exceed 6.1 meters (20 feet).
