**Re: SES Government Solutions, Inc. Update to Pending Modification Application  
Call Sign E860942, File No. SES-MOD-20180927-02872**

Dear Ms. Dortch:

SES Government Solutions, Inc. ("SES-GS"), by its attorney, hereby provides additional information regarding the above-referenced application for modification of the SES-GS earth station in Colorado Springs, Colorado, call sign E860942, which provided corrected coordinates for the earth station site but did not seek other changes in the license's terms.

Specifically, SES-GS advises the Commission of the following data associated with the modification application:

- The maximum input power is 501.2 watts, and the maximum output EIRP is 82.2 dBW.

Please address any questions regarding this matter to the undersigned.

Respectfully submitted,

*/s/ Karis A. Hastings*
