**Re: SES Government Solutions, Inc. Update to Pending Modification Application
Call Sign E980347, File No. SES-MOD-20180927-02874**

Dear Ms. Dortch:

SES Government Solutions, Inc. ("SES-GS"), by its attorney, hereby supplements the above-referenced application for modification of the SES-GS earth station in Fort Belvoir, Virginia, call sign E980347, to update the points of communication for the earth station. The current license for the earth station authorizes communications with satellites on the Commission's Permitted Space Station List ("Permitted List") and also identifies a number of individual satellites as points of communication.¹ Because the earth station communicates only with Permitted List space stations, SES-GS requests that the other satellites listed in Section D of the license be deleted from the authorization.

Please address any questions regarding this matter to the undersigned.

Respectfully submitted,

/s/ Karis A. Hastings

Karis A. Hastings
Counsel for SES Government Solutions, Inc.

¹ See Call Sign E980347, File No. SES-RWL-20090318-00345, granted Mar. 20, 2009, Section D, Points of Communication.
