Secretary
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554
Re: Amendment to SES-LIC-20201019-01140

Dear Ms. Dortch,

Pursuant to Section 25.161 of the Commission's Rules, Denali 20020, LLC (Denali) would like to request the Bureau to modify your record in IBFS to accurately reflect the correct quantity and frequency bands of active antenna(s) under call sign WB81.

Denali would like to request the following correction to Call Sign WB81 at the Vernon Valley earth station and use this letter to modify our records in IBFS to accurately reflect the correct quantity and frequency bands active on this Call Sign.

The only modification needed on this Call Sign WB81 to accurately reflect the active antenna systems and frequency bands is:

1. The removal of antenna ID 3, which is an 11-meter Scientific Atlanta antenna.
 - a. Call Sign: WB81
 - b. Filing Number: SES-MOD-20150728-00478
 - c. Antenna ID: 3
 - d. Requested Change: Removal of Antenna ID 3 from this call sign as this antenna has been decommissioned.

All other antennas and frequency bands should remain active on this license or Call Sign.

Respectfully Submitted,

Darryl White
