Re: Withdrawal of Modification Application - File No. SES-MOD-20190513-00605 Call Sign E930320

Dear Ms. Dortch:

Please accept this request for withdrawal of the Modification Application (MOD) currently pending before the International Bureau under file number SES-MOD-20190513-00605. The reason for this is that subsequent to filing this MOD applicant realized that it did not request all authorizations which are needed for operation of the teleport hub antennas which were the subject of the MOD and so agreement was reached with International Bureau staff to refile a new Modification Application requesting all appropriate authorizations and withdraw the original MOD.

The refile of the Modification Application has now been submitted and is pending under file number SES-MFS-20191010-01282. Withdrawal of the SES-MOD-20190513-00605 MOD is therefore respectfully requested.

Any questions with respect to this matter should be directed to the undersigned at 805-933-4030 or James G. Lovelace at 571-599-3643

Respectfully submitted,

COMSAT, Inc.
