**Re: Correction to FRN -- E050232
Temporary Fixed Earth Station**

Dear Ms. Dortch:

I would like to thank IBFS Staff for its quick action in correcting the FRN for E050232, as per below:

On August 12, 2020, NBC Telemundo License LLC filed an application for renewal of license for Temporary Fixed Earth Station E050232. Due to an oversight, the application was filed under FRN 0019509470, NBC Telemundo License LLC, instead of the correct FRN, 0003593860, Station Venture Operations, LP.

Please note that for this call sign, there is a license modification pending (File # SES-MOD-20201109-01232) which was also filed under the incorrect FRN (0019509470). Thank you for correcting that FRN for this application to read 0003593860 as well.

Respectfully submitted,

 //s//
