Re: AMC Networks Broadcasting & Technology Request for Modification of Earth Station Registration – Call Sign E000228; IBFS File No. SES-MOD-20200327-00331

Dear Ms. Dortch:

Pursuant to the International Bureau’s (“Bureau”) September 27, 2021 Public Notice (“Public Notice”) regarding inactive or otherwise not operational C-Band incumbent earth station antennas,^{1/} AMC Networks Broadcasting & Technology (“AMCN”) submits the associated application to request that the Commission modify the earth station registration associated with call sign E000228 – IBFS File No. SES-MOD-20200327-00331 – to reduce the number of registered units associated with the Antenna IDs listed below as follows. All of the antennas remaining on the registration, after the Commission processes the application for modification, will remain active, in operation, and continue to receive in the 3.7 GHz band.

^{1/} See *International Bureau Identifies Earth Station Antennas on C-Band Incumbent List That May Be Inactive or Otherwise Not Operational on the 3.7 GHz Band*, Public Notice, IB Docket No. 20-205, DA 21-1206, at 3 (rel. Sept. 27, 2021) (requiring earth station operators with antennas that appear on the list appended to the Public Notice to either (i) file to correct the IBFS filings for the affected antennas, or (ii) file in ECFS IB Docket No. 20-205 affirming that those antennas are operational antennas receiving in the 3.7 GHz band).
