

INFORMATION ON USE OF NON-U.S. LICENSED SATELLITES

Following the orbital adjustments described in the instant notification filed pursuant to 47 C.F.R. § 25.118(f), GUSA Licensee LLC and GCL Licensee LLC earth stations will continue to communicate with the same non-U.S. licensed satellites as currently authorized: Globalstar, Inc.'s second-generation NGSO MSS satellites licensed through the Republic of France (Globalstar 2.0, ITU Name HIBLEO-X).¹
